### Chairman's Report

To

The Honorable President, **CA. K. RAGHU**  
The Honorable Vice President, **CA. Manoj Fadnis**  
The Institute of Chartered Accountants of India,  
New Delhi

Dear Sirs,

Beginning & end are part of the single circle and no one can comprehend its principle. The year end is neither an end nor a beginning but a continuation, with all the wisdom & experience instilled in us. On behalf of the Managing Committee, I take this momentous time to wish you a very happy, prosperous, fulfilling and a purposeful New Year 2015.

It is my proud privilege to present Activity Report for the year 2014 which criss crosses activities for members, students and various stakeholders in the society at large. This being the election year, I profusely thank all the members who have given unstinted support and elected me to the managing committee once more. I thank my managing committee for bestowing the honor of holding the position as the Chairman of Bangalore Branch of ICAI for the year 2014-15.

Bangalore branch being the largest branch in the country has been catering to 10000+ members and 35000+ students. Bangalore has always maintained coveted

position as one of the most vibrant branches across the country for ICAI. At Bangalore branch, activities and initiatives are delivered with great passion & always of the highest & impeccable order. Bangalore branch is known for conceiving and conducting programmes / workshops / seminars with rich analytical content & a rational focus on the fraternity both in practice and in the industry. My predecessor chairmen have always raised the bar higher and higher ..... year after year. It was always a challenge to deliver and to create new milestones. I, as the 44<sup>th</sup> Chairman of this vibrant branch of ICAI have tried my best to live up to the ever increasing expectations from both members and students alike. I hope to have done justice to the position bestowed on me.

#### Theme & Logo for the year:

Vistara is a Sanskrit word that refers to expansion & development with multiple new dimensions.

We have consciously chosen this theme considering the dire requirement for the members to develop, augment and expand their knowledge and skill sets in multiple dimensions so that they would be able to face the new challenges and take up the opportunities that would arise because of the various changing status that we are expecting in the near future (like GST, DTC, Rules under the companies Act 2013 etc.,).

We intend to do programmes and further enrich the knowledge of our members in all fields so that they would become versatile and conversant in more than one branch of law and thereby will be able to provide more value added services to the client, employer and society at large.

Amongst the various interesting and exciting events. We also have planned for International Networking Conference, so that our members can benefit by networking with national and international firms.

You may also notice that in theme logo, members are holding hands around, symbolizing an effective

professional networking within themselves, which is going to have a synergic effect for everyone.
