&

Mr. Devaraja Reddy garu

The Honorable Vice President of ICAI

The Institute of Chartered Accountants of India

New Delhi

Respected Sirs,

Sub: Submission of Activity Report 2015

Namasthe,

No person, other than Dr. A.P.J. Abdul Kalamji, has described the role of Chartered Accountants in the most befitting manner by declaring them as **"Partners in Nation Building"**.

His words bring in a refreshing, proud and patriotic feeling within the soul of all Chartered Accountants. It ignites the sense of moral responsibility and makes one aware of the great expectations made by the Nation.

His famous quote :

Dream, Dream and Dream

Dream transforms into thoughts

Thoughts results into action.

has always been generating a great inspiration and energy (Chythanya) and has made people to dream and transform their thoughts in to action and to succeed.

"The Quality of a person's life will be determined by the depth of their commitments to excellence, no matter what their chosen field is"

- Jnanasagara CA S Krishna Swamy

When the Institute has completed its **66 years of glorious service.... steering professional excellence**, we take this opportunity to provide you a snapshot of the activities conducted at our Branch:

The year bygone was a wonderful year and the Branch was brimming with Members, actively participating in all the events conducted/hosted by the Branch.

It is our firm belief that the Speakers/Resource Persons are the Heart and the Brain of our Organisation; we the organisers - backbone & the limbs; the distinguished participants the life blood, without whom any organization would drop dead.

Bangalore Branch of SIRC of ICAI

There were tremendous expectations from the members and it was definitely a challenging task for our Team to cope with their expectations and deliver to their satisfaction. With your total support, co-operation, blessings and good wishes our Team has emerged as a successful one.

Enough number of events have been conducted on diverse topics relevant to our Profession. On every Wednesday, Study Circle meetings were conducted and almost on every Friday, Practice Alert Discussions were conducted. 1. THEME FOR THE YEAR -

VICHAKSHANA

CA

The Clear-sighted Professional

CA – Today should be a clear sighted professional
- A Professional with insight, farsight and foresight.

Attestation is now an ongoing activity, not a hind sight act as before; with the implementation of various disclosures on quarterly basis. Not only attestation but also certification of various compliance functions

(like Corporate Governance, CSR etc), a CA is considered today a part of the monitoring mechanism in all business decisions and activities– whether in employment or in practice or whether in CSR or in Corporate Governance.

The concept of auditors' responsibility is fast changing and enlarging. It is no more confined to ticking of the boxes to create audit working papers. Frauds are of different varieties – both in terms of complexities and in terms of the largeness. Stakeholders' expectations have changed. What is expected is not a single vanilla type of reporting.

One has to go more in the substance rather than form of auditing. The CA is equipped to possess a clear sight and be a "Vichakshana"

6. INNOVATIVE PATH BREAKING INITIATIVES FOR LEARNING :

To further equip the Members with the sufficient knowledge and adequate updates in the field of law, the Branch initiated two unique programmes viz.,

1. **PRACTICE ALERT – DISCUSSIONS &**
2. **PRACTICE SUPPORT WORKSHOPS**

The concept of the above are explained briefly:

PRACTICE ALERT - DISCUSSIONS – ON ALL FRIDAY’S

This was addressed by two expert resource persons – one is a senior professional and the other one is relatively a junior. The junior will prepare and make a presentation regarding the updates on a particular category of law (like Income Tax, VAT, Etc, one field of Law being considered for each session). The event is conceptualized in to the following sub-events

- **VISHAYA - VIVARA :Enhancing our existing information with Updates**

This is the first part of the event (for approximately 30 minutes), the speakers shall provide the latest updates and alerts including the latest important judgements.

- **VIMARSHE - VISPURANA: Deliberating for proper understanding of the Updates**

The latest updates provided in the first part of the event are thoroughly discussed to analyse and

understand the impact on the current business/ professional scenario. (app.30 minutes)

- **VICHARAMANTHANA :Blending of the optimal Thoughts**

The last part is dedicated for sheer academic interaction – an open house, wherein Members are provided an opportunity to get their doubts clarified right from the experts – not only on the updates but also on any topic relating to the law that shall be discussed on that day. The Branch provided an opportunity for the Members (particularly for the Young members) to get their doubts/conflicts elucidated from the expert resource persons.

PRACTICE SUPPORT WORKSHOPS

We regularly conducted hands on training workshops on VAT, Service Tax, Companies Act, where we provided hands on training on filling of the e-forms, uploading procedures, information about common errors, avoidance of mistakes while filling and filing and cover other such incidental matters. Dummy e-filing will also be worked out with illustrations covering various scenarios.

This programme was open to CA's and Article Clerks and has empowered the Members for providing more effective and efficient service to their clients.

"ya esa suptesu jagarti"

Jnanasagara CA. S. Krishna Swamy
gives a new perspective
for ICAI logo

Jnanasagara CA. S. Krishna Swamy says:

The design of the Institute's logo was suggested by the great nationalist and philosopher Shri Aurobindo. Our logo has the inspiration "**ya esa suptesu jagarti**" which generally receives a translation 'one who is awake amongst those who are asleep'. Another meaning is (considering that this appears on Adityahridayam a sloka dedicated to Sun God) he awakens the latent in you. The dormant flower buds first responds to the sun light by opening up when light falls on them- the birds take-off. Also referred to as Pushpa Pusha (Pusha is Sun), Kaga Pushpa (Kaga is Bird) similarly all living beings awaken reenergized. The latent and the dormant in you are commissioned into a state of activity. While the Sun God drives a lot of things to past he also breathes life to the present (Bhuteshu Parinishtitaha). The logo has the Eagle Garuda which symbolizes:

1. Humility –His posture with his folded hands
2. He is as firm as he is humble says the Lord.
3. He is the reporter to the Lord making his aerial sojourn by his powerful eyesight.

4. **Eagles have unusual eyes.**

They are very large in proportion to their heads and have extremely large pupils. Eagles' eyes have a million light sensitive cells per square mm of retina, five times more than a human's 200000. While humans see just three basic colors, eagles see five. These adoptions gives eagles extremely keen eyesight and enable them to spot even well-camouflaged potential prey from a very long distance. In fact the eagles' vision is among the sharpest of any animal and studies suggest that some eagles can spot an animal the size of a rabbit up to two miles away.

5. The eagle has the unmatched capacity to directly descend down on the target and encircle it.(not round about)
6. **As Sri Abdul Kalam says "All birds find shelter during rain but the Eagle avoids rain by flying over the clouds" - Problems are common but attitudes are different.**

13. CSR Activities

Heritage – our National Pride

Recently, ICAI has come out with a CSR policy, the brain child of our immediate past president CA. K. Raghu, which inter alia, includes adoption of Section 135, Item (v) of the Schedule VII of the Companies Act 2013 states:

(v) protection of national heritage, art and culture including restoration of buildings and sites of historical importance and works of art; setting up public libraries; promotion and development of traditional arts and handicrafts;

India is the largest repository of heritage monuments; each one is a tangible link to our glorious past. Conservation of Heritage sites could be effective only when awareness about the same is created by appropriate propagation of information.

Performing a fundamental duty of creating awareness about a heritage monument, which could also be endorsed as a CSR activity, should be welcome and encouraged by one and all.

We are happy to inform you that the Bangalore Branch has taken steps in this direction which is being appreciated by many Members.

UNESCO World Heritage Convention recognized places of importance of cultural or natural heritage and declared them as World Heritage Sites. It was specifically noted that the cultural sites in India are marked by their brilliant craftsmanship on stone and most of the temples of India stated in the list were built in stone, without any mortar and with sculpture carved on it. The Convention went beyond the Religion and classified them as World Heritage Sites.

The Government of India has a separate Ministry of Culture with the first agenda in its Mission Statement as “Maintenance and conservation of heritage, historic sites and ancient monuments” followed by “Promotion of institutional and individual non-official initiatives in the fields of art and culture”

“It shall be the duty of every citizen of India to value and preserve the rich heritage of our composite culture” – states Article 51 A(f) of the Constitution of India as one of the Fundamental Duty.

The Branch News Letter carrying information about the Heritage monuments has done one of its fundamental duties as stated in the Constitution.

Horridifying & Unpardonable Impropriety of Hero Stones Rectified

HERO STONE (Veeragallu) :

Hero Stone is a stone carved in commemoration of the honorable death of a person in the course of protecting his land or people. In recognition of the scrupulous loyalty and dedication of such person, expressing their gratitude and as a token of reciprocation, the Kings used to get the carvings done for depicting the details of the Heroism, including the weapon used by the Hero.

The Kings wanted the name and fame of such patriotic Warriors to remain forever. They intended the Hero Stones to become the source of motivation and inspiration for the next generation. ***They wanted the values for which the patriots sacrificed their lives to be radiant and alive in this form.***

Horrificing & Unpardonable Improprity of Hero Stones Rectified

The front page photo of the April 2015 issue is of the Hero Stone taken on 4th of April 2015. The Hero Stone at K.R.Pura was installed by the Ganga Emperor **Sripurusha** (725AD-788AD), in commemoration of the display of incomparable valor and invaluable sacrifice made by one “**Mareya**” (Mariah, Mareiah) as inscribed in the Hero Stone. This is around 750AD and gains great importance with regard to the antiquity of itself as well as that of Bengaluru.

The deplorable state of the Hero Stone cannot be described as “Gross Negligence”; it is too soft a word to so describe; this is nothing but TOTAL IMPROPRIETY and DISHONOR TO THE GREAT HISTORY, CULTURE AND HERITAGE !

Hero Stone was lying beside a Garbage Bin; secondly, all thrash and junk were callously thrown; over and above, dried leaves were accumulated and everything was set ablaze. The hero stone has developed cracks on its surface and this is because of the apathy of the urban towards the historical relic.

We gave complaint about this issue with the concerned Ministries of the Government of Karnataka and also to the Archeological Department. Through a Press Conference, we also brought this to the notice of the Media. Many News Papers published the clippings with the details. The matter was actively followed up and the Hero Stones were shifted to Venkatappa Art Gallery (Government Museum) for safe custody and steps being taken to preserve it safely.

BENGALURU: For nearly 700 years, the rule of the Western Gangas — based out of Kolar and Talakad — marked the development of south Karnataka as an economic and cultural powerhouse. Now, signs of their valour lay besides dustbins and piles of garbage.

A nearly 1,250-year-old 'veeragallu' (hero stone), believed to have been installed by the dynasty, is being used as a compound slab of the Sri Mahabaleshwara temple at Vengayyanakere in K.R. Puram. It would be near impossible to differentiate the historic stone relief from the pile of construction material, burnt leaves, overflowing dustbin and discarded photos of deities in a dusty bylane beside the temple.

"This is a dishonour to the great history, culture and heritage of the region," said Alama Prabhu, chairman of the Bengaluru branch of the Institute of Chartered

Accountants of India. Earlier this month, Mr. Prabhu had stumbled on the stone during his research into the antiquity of the city. "During the temple renovation, the hero stone was kept outside. Now, it is surrounded by trash while dried leaves are set ablaze right next to it," he said.

Depiction of sacrifice

S.K. Aruni, Deputy Director of the Indian Council of Historical Research, said the stone was installed by Ganga emperor Sripurusha around 750 AD to commemorate the sacrifice of Mareya. The inscriptions depict the valour of Mareya in protecting his village from dacoits, during the course of which he sacrificed his life, says the historian. As was the tradition of that time, the tribute to the sacrifice comes in the form of a 'veeragallu', which depicts the fight, the manner of death, and the place of the hero in the afterlife.

Library Activities

The Bangalore Branch has an excellent and spacious library. The reference material of reputed international and national periodicals related to the field of business accounts and industry are available. The reference materials are good companion for both students and members.

Students extensively make use of the library during the period of examinations. During examination time the library is kept open for 2 shifts. Members find great pleasure in spending their valuable time here in pursuit of knowledge. At a time 70 people can be seated comfortably.

During the current year 135 books has been added to the library, which related to the CA Course. Members of the Bangalore Branch have magnanimously contributed towards the development of library. The library is being used by 150 students a day on an average, which goes up to 250-300 students per day during the examinations.

The average number of members visiting the library per day is approximately 25. We have digitized the inventory of books at library; where in members can know about the books and their availability. It provides information about usage of books and provides valuable information for regular sourcing of books. E-books of the ICAI are also made available.

Reading room facility at Bangalore South #215, Subbarama Chetty Road, Netkallappa Circle, Bangalore was made operational, enabling the students and members from Bangalore South to make use of the facility and refer books.

CA Students Industrial visits made on 29.12.2015 – Kirloskar Toyato Company

The Industrial visit to the Toyota Kirloskar, Bidadi plant tour was very beneficial for the CA Students who gained knowledge in the areas of Japanese system of production, Plant Layout, HR policies etc. Students learnt about the Supply chain practice which is called as the PUSH-PULL strategy. The most important observation at the visit was the time management factor. They were so keen and precise about time and they plan accordingly. They were actually aware of how to successfully execute procedures with time.

After obtaining the permission from the respective authorities, CA Students were taken to the corresponding units. Representatives of the company received the students and took them around the company, explaining the process of production, storage etc

Further, in most cases the students got a chance to interact with the senior employees of the company and they were able to get their doubts clarified.
